AKSHITA NAGDALI

B.Tech, Computer Science Engineering (2026)
akshitan0309@gmail.com | +91-7534874538 | https://www.linkedin.com/in/akshita-nagdali-24601924b/ | github.com/akshitanagdali

SUMMARY

Enthusiastic and detail-oriented B.Tech CSE graduate with a strong foundation in computer science fundamentals, programming, and software development. Proficient in Java, Spring Boot, SQL, and Git, with hands-on experience in projects involving data structures, algorithms, web development, machine learning, and artificial intelligence. A quick learner with good problem-solving skills, passionate about emerging technologies.

PROJECTS

Diabetes Prediction System (Python, ML)

- Built and deployed a machine learning model (logistic regression/classification) for diabetes prediction using scikit-learn and joblib.
- Integrated the model into a Flask web application with user input handling, real-time prediction, and dynamic report generation.
- Applied data preprocessing and feature engineering (pregnancies, glucose, BMI, etc.) and mapped health indicators into categorical ranges (Low/Normal/High).

Food Ordering Application (Spring Boot, React, Java)

- Developed a full-stack food delivery application using Java, Spring Boot, React, and MySQL, enabling restaurant browsing, menu management, cart functionality, and order placement.
- Implemented JWT-based authentication and role-based authorization for customers, restaurant owners, and administrators, ensuring secure access to application features.
- Integrated RESTful APIs with database operations using Spring Data JPA/Hibernate, supporting order management, restaurant management, and real-time data persistence.

WORK EXPERIENCE

Java Trainee | Nagarro *April 2026 – Present*

- Developed and maintained Java applications using Core Java, OOP principles, and data structures.
- Built backend functionalities using Spring Framework and REST APIs.
- Managed source code using Git and contributed to frontend development using HTML, CSS, and JavaScript.

TECHNICAL SKILLS

Programming Languages:	Java, SQL
Databases:	MySQL, SQL Server, PostgreSQL, MongoDB
Tools & IDEs:	VS Code, PyCharm, GitHub, Eclipse, IntelliJ
Core Skills:	OOPs, DSA, Software Engineering

CERTIFICATIONS

- Java — HackerRank
- Database Management System — Coursera
- SQL (Intermediate) — HackerRank
- Introduction to Software Engineering — Coursera
- API Deployment Practitioner — OpenAI
- Codex Practitioner — OpenAI

EDUCATION

2022 – 2026	Bachelor of Technology, Computer Science Engineering — DIT University	CGPA: 8.86/10
2021 – 2022	Class XII — Saraswati Academy	90.60%
2019 – 2020	Class X — Saraswati Academy	96.20%
